Q26 Now I'm going to read you two statements about the health care plan that was signed into law in 2010. Please tell me which comes closer to your point of view. (ROTATE)

(Some/Other) people say that if Republicans in Congress believe the health care law is harmful and will have negative consequences for individuals, small businesses, and the economy they should continue to do everything they can to prevent it from being put into effect.

(Some/Other) people say that over the past few years, the health care law was passed by Congress, signed by the president, and upheld by the Supreme Court. Regardless of how Republicans in Congress personally feel about the law they should stop trying to block it and should move on to other priorities.
