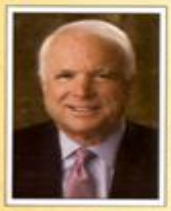
John McCain. Fights Corruption. Saves Taxpayers Billions.



Ronald Reagan inspired me to run for office. For 24 years, I've been fighting to cut taxes and to eliminate corruption and waste in Washington. I have never asked for, nor received, a legislative earmark for my home state of Arizona.

As President, I'll fight for lower taxes. I'll also veto every single pork-barrel bill that crosses my desk and make the sponsors famous.

John McCain

When a federal military contractor tried to bilk taxpayers out of billions...
John McCain uncovered the scandal and stood up to the special interests. Acting almost single-handedly, John McCain proved to be "the program's harshest critic."
